

Our Philosophy

Vision

To be the leading security system expert that corporations and high net worth individuals depend on for asset and family protection.

Our Clients

Our clients typically are companies and individuals who appreciate reliable quality products, backed up with professional knowledge, service and warranty.

Quality Statement

All our products come with 12 month warranty against manufacturer's defects.

We value our clients and have invested significantly in our quality control process. Low end products typically do not pass our reliability, quality and usability test.

Service * Innovations * Reliability

CCTV Surveillance

EurekaPlus is the reliable CCTV system specialist that clients trust to provide reliable CCTV solutions for 24 hours surveillance on their offices or homes.

Our systems are suitable for corporations, retail business with multiple branches, leisure resorts,

factories, offices, retail shops and warehouses.

With our DVR camera systems and professional services, you can enjoy live viewing and remote playback over the Internet.

Advance video analytics solutions are also available from EurekaPlus for missing objects, unattended baggage, etc.

Access Control

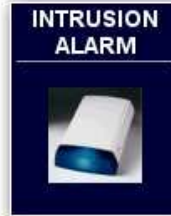

EurekaPlus supplies and installs door access control systems.

For small offices, we can provide standalone system, either electronic keypad, proximity card or fingerprint biometric door access control systems.

For SMEs or larger corporations, we can provide network based access control systems with centralized monitoring and control on a computer. You can even mix and match proximity card, pin code and fingerprint biometric systems in a single corporation.

Security Alarm

EurekaPlus supplies and install wired and wireless security alarm systems for offices, retail outlets, factories and homes.

Once armed, any intrusion attempt or tampering of equipment will trigger the siren and strobe, as well as auto-dialing to the few pre-programmed telephone

numbers.

Our wired or wireless alarm systems come with optional sensors such as door / windows contacts, motion sensors and glass break detectors.

Security Consultancy

EurekaPlus is one of the leading security system consultant in Singapore.

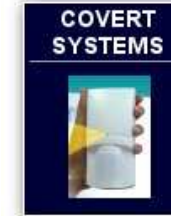

Our consultancy clients include The Singapore Flyer, Marina Business Financial Centre and high end boutique property developers.

We work with our clients on user requirement gathering, system specification (as input to tender document), system design, vendor evaluation and recommendation, project management.

We can advise you on the following systems :

- CCTV Surveillance & Video Analytics System
- Door Access Control System
- Alarm System

Covert Systems

EurekaPlus is your one-stop security partner for covert (spy) video and audio systems.

We have all-in-one camera with DVR systems known as Memocam and GeniusGuard™ systems. All that is required is a AC power point nearby (max 3m). Any motion will trigger

the recording onto a memory card.

To view the video, just plug the removable memory card into the USB port of your computer and play back the recorded video using the software provided.

The Memocam and GeniusGuard™ system comes hidden in different casing, including **motion sensor, wall clock, antique clock, digital clock, wall picture, tissue box.**

Telephone Recorder - ideal for recording conversation in analog phone line, including called number & caller ID onto CF card.

Voice Recorder Watch / Pen - ideal for recording face-to-face conversation with the spy voice recorder gadget.

VVR Colour Anti-car vandal system— ideal for catching car vandal in action with the GeniusGuard™ VVR Colour high resolution 480TVL IR camera & mini-DVR. Record upon motion.

AV Recorder - Mini Audio Video Recorder
